It was great to be back after a lovely break. We are fortunate to have Mrs Davies (student teacher) working in our classroom for the next 3 weeks. This term our Inquiry Unit will focus on Mini-beasts, The Weather and Our 5 Senses. We gave our senses a workout by exploring a lemon. We used describing words and then gave it a lick... some of the faces pulled were hilarious! We are all looking forward to our F-2 excursion to the Melbourne Museum this coming Tuesday the 19th of April. As part of our studies we have been talking about the seasons and time. We have been working on telling the time to the hour and half past the hour. We have also collected glorious shades of Autumn leaves to make chains, stained glass windows and mini-beast critters! If you come to visit us in our room, you will see the incredible mini-beast habitat that the students have created and perhaps learn a thing or two about the smallest creepy crawlies that help to keep our ecosystem healthy!
